

ENVIRONMENTAL POLICY

Date: June 2010

Environmental Management to BS/EN/ISO1 4001/2004

TGM Environmental is a provider of the collection, processing and storage of Waste Paper and associated products.

TGM Environmental cares about the environment in all its systems and recognises that concern for the environment should be an integral and fundamental part of the business.

TGM Environmental is aware of the effect of its operations on the environment; its objective is to balance the need to achieve its business aims with the need to protect and improve the local and global environment.

TGM Environmental conducts its operations to comply with all existing environmental legislation, has procedures in place to capture changes in legislation and aims to minimise the risk of all forms of Pollution.

TGM Environmental has identified the key areas of energy consumption and fuel usage and selection of the use of electronic systems and paperless systems as significant environmental aspects.

TGM Environmental has the objective to reduce the environmental impact of the company activities and to encourage suppliers and customers to adopt sound environmental practices.

TGM Environmental will ensure that appropriate resources are available to achieve the effective implementation and maintenance of the environmental system.

TGM Environmental provides any relevant information pertaining to the environment to ensure effective relations with the local and global community.

Signed

Mr G Coombs
Managing Director
